***The concert is dedicated to the
Memory of David Bornblum, z.l.***

David Bornblum, his memory should be a blessing, did not need medals, nor did he need honors. It was an honor to be in his presence. It was an honor to listen to him. It was an honor to be seen with him.

His legacy is not only what he contributed but how he contributed - showing that if you apply vision, idealism, business sense and a belief in Jewish values, you can effect people's lives.
